

# What can SP Bookmark Controller do?

Automatically control how your bookmarks will be produced by Acrobat Distiller without any manual intervention in Acrobat:

## What a Mess!

Before applying SP Bookmark Controller

## EXTRACT FIGURE & TABLE BOOKMARKS

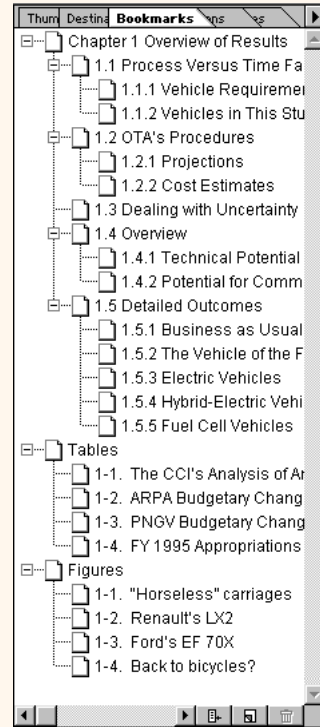

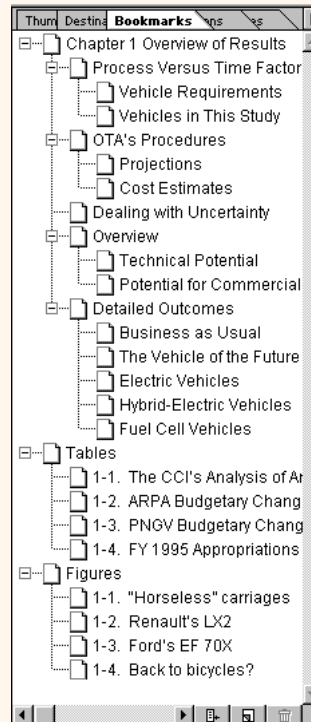

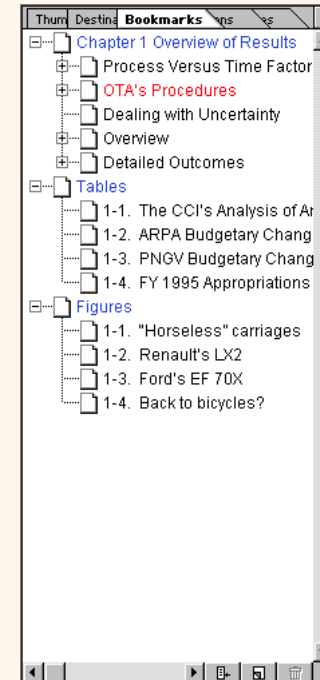

Figure and Table bookmarks extracted and grouped under the appropriate headings

## PARANUMOUT

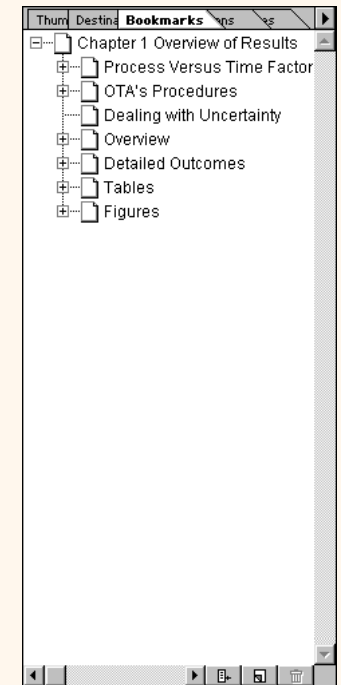

Section numbers removed

## COLLAPSE 2 + STYLING

All bookmarks except Figure and Table collapsed under 2nd level bookmarks;  
Level 1 bookmarks colored blue, and a specific heading colored red

## COLLAPSE 2

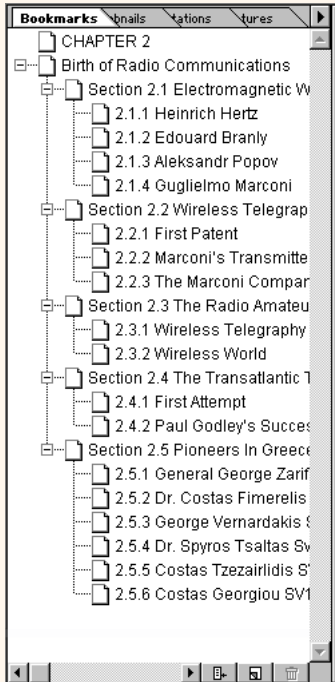

All bookmarks collapsed under 2nd level bookmarks

See next page for an illustration of the REDUNDANT/CHANGE/MERGE features

# What can SP Bookmark Controller do?

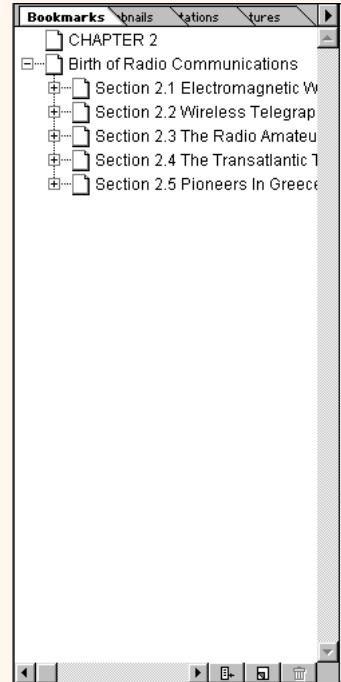

Remove/change redundant text and merge bookmarks

## COLLAPSE 2

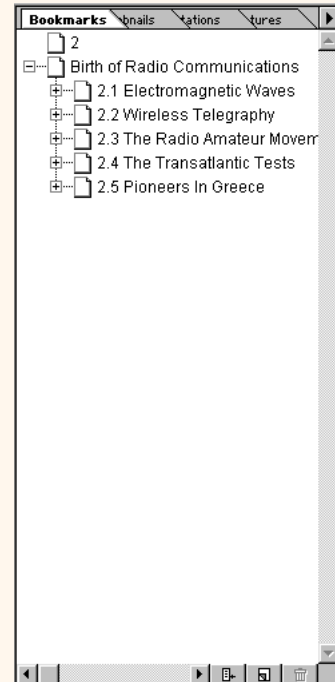

Before applying SP Bookmark Controller

## REDUNDANT/CHANGE

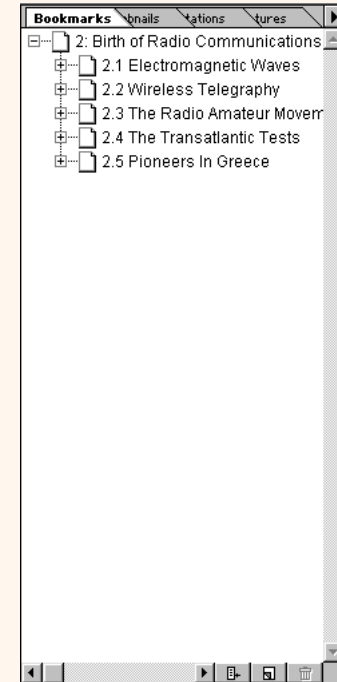

All bookmarks collapsed under 2nd level bookmarks

## MERGE

The words "Section" and "Chapter" have been removed

First and second bookmarks merged into one
