

Floating Window

(SWF/FLV, built-in, Acrobat/Reader 9 or higher)

Movie example (FLV)

[Floating window](#) (native size; default position)

Floating window position is respected only when the PDF is viewed in Acrobat/Reader X (in Acrobat/Reader 9, floating window position is Top/Right).

[Top/Center window](#) [Middle/Center window](#) [Bottom/Center window](#)

[Top/Right window](#) [Middle/Right window](#) [Bottom/Right window](#)

[Top/Left window](#) [Middle/Left window](#) [Bottom/Left window](#)
